Ruling on Entitlement; Concession;
Table Injury; Influenza (Flu) Vaccine;
Shoulder Injury Related to Vaccine
Administration (SIRVA)

Jennifer Sayad, Zgheib Sayad, P.C., White Plains, NY, for petitioner.

Mollie Danielle Gorney, U.S. Department of Justice, Washington, DC, for respondent.

RULING ON ENTITLEMENT¹

On April 17, 2020, Jori Baldwin Cox filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a Table Injury – Shoulder Injury Related to Vaccine Administration (SIRVA) – as a result of her November 22, 2017 influenza (“flu”) vaccination. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 24, 2021, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims’ website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

Specifically, Respondent indicates that

[p]etitioner has satisfied the criteria set forth in the revised Vaccine Injury Table and the Qualifications and Aids to Interpretation, which afford petitioners a presumption of causation if onset of SIRVA occurs within forty-eight hours after receipt of a seasonal flu vaccination and there is no apparent alternative cause. 42 C.F.R. § 100.3(a)(XIV)(B), (c)(10).

Id. at 6. Respondent further agrees that “the medical records demonstrate that petitioner has experienced the residual effects of her SIRVA for more than six months. See 42 U.S.C. § 300aa-13(a)(1)(B); 42 U.S.C. § 300aa-11(c)(1)(D)(i). Therefore, based on the case record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act.” *Id.*

In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
